

Rubber Dock Bumpers

DESCRIPTION

The rubber dock bumpers are designed to provide maximum protection for both vehicles and buildings. They are perfect for use in loading bays and jetties, as well as any other areas where vehicles may encounter structures. The bumpers are made from hard wearing blended rubber compound and they are built to withstand rigorous daily use.

FEATURES

- Protect vehicles and property
- High quality rubber compound
- Works with dock-safe-q
- Pre drilled mounting holes
- Suitable for use indoors and outdoors
- Installation service available
