

Dugite In Ground Bollard 219mm x 2100mm 6.4mm- Safety Yellow with/without mine spec stickers

DESCRIPTION

Dugite Permanent In-Ground Bollards help prevent impact to buildings and assets from accidental damage or Ram Raids. This bollard is hot dipped galvanised for rust prevention and powder coated Safety Yellow with a red reflective band so it can be easily visible. **If you are after mine spec bollards we can add the stickers as desired.** Designed to be strong and durable. These bollards are normally embedded up to 600mm below the ground and can be concrete filled for maximum protection.
